timeXtender Signs Distribution Agreement with iSPartners from South Africa

As the ETL and data warehousing leader timeXtender continues to expand in both established and emerging markets, the company today announced a new distribution agreement that consolidates the company's presence in South Africa and on the entire African continent. timeXtender has signed a distribution agreement with iSPartners, and the company will represent timeXtender as timeXtender Africa.

"Our move to South Africa marks one more milestone in timextender's mission to be the leading data warehousing and ETL tool provider," comments Heine Krog Iversen, CEO of timeXtender. "Our agreement with iSPartners will create a powerful platform in an important emerging market. It certainly represents a new and exciting chapter for timeXtender."

iSPartners focus on Business Intelligence based on the Microsoft platform, and use timeXtender to fast track their BI projects. iSPartners is South Africa's biggest and leading supplier of Business Intelligence and has been a timeXtender partner for the past 4 years.

David Ives, General Manager for the Business Intelligence unit at iSPartners, says. "We have a thorough understanding of the timeXtender product and how it fits into our Business Intelligence offerings. The distribution agreement is an exciting step in the development of our relationship with timeXtender, and underscores our position as the leading Business Intelligence provider not only in South Africa but on the African continent."
