

5. november 2008

timeXtender® wins Microsoft ISV Partner Awards 2008.

Among 3,800 Danish Microsoft Partners timeXtender was nominated and won in the ISV Partner of the year category. The Award is given for Microsoft partner's innovative use of Microsoft technology to exceed customer expectations and to solve business problems.

"We are extremely proud to be announced Microsoft ISV Partner of the year in Denmark. The entire timeXtender team has earned this in recognition of outstanding efforts and not least it recognizes our BI software product and business model", says timeXtender CEO Heine Krog Iversen.

Growth of more than 500%

Explaining the choice of timeXtender as ISV Partner of the year (ISV is short for Independent Software Vendor), Microsoft Sales Manager Bjarne Riis says:

"timeXtender is a partner that bases its business on a partner-driven model and that makes a relatively complex issue very simple. They have delivered more than 60 solutions in Denmark over the last 12 months. In addition, timeXtender delivers "Dynamics+Classic" integration and has developed a version of its solution based on Software Plus Services, which also makes the solution relevant for small and medium-sized companies. In the past year, timeXtender has achieved an impressive growth of 507 percent."

All 3,800 Danish Microsoft partners have had the opportunity of entering the Microsoft Partner Awards 2008. This year Microsoft nominated 53 partners whom all have been undergoing a thorough evaluation process, during which they were evaluated on criteria such as extraordinary achievements within sales, innovation, Market strategy, etc.
